

INFRASTRUCTURE

TOILETS

PLEASE NOTE: if it didn't come outta your body, it doesn't go in the potty. Our toilets are everywhere. All round the edge of the camping areas. There are even some IN the camping area. And there are some in the binnekring. Please use them. The long drops come with lovely views. Look for the white flags and lights. A red flag means it is out of order, please use the next one.

AIRSTRIP

Take a look at the map to see where our airstrip, and helipad are - and please don't go anywhere near them when planes or choppers are taxing or landing, even if it looks cool. Planes are fascinating for the kids but also very dangerous - please never touch them, or go close, without the pilot. They can bite.

DRONES / RC AIRCRAFT

If you plan on operating a drone recreationally or to shoot footage from, you need to register your drone with our UAV team. Harry from the UAV team will be at Off-Centre camp at 11am each day to advise drone operators on fly zones, do inspections and assist with registrations.

DPW

They built this city - the roads, the streetlights, the toilets you use and the signs that help you find your way, so show them some love! One way you can do that is by donating any unopened or non-perishable goods (including beer) you don't need, on exodus. Another is by not asking to borrow their tools - or walking into their camp uninvited, as it's their home, not a yher camp.

DMV

If you have made a mutant vehicle this is where you must come to license it to drive in Tankwa Town. Remember to bring your registration number. Meet sporty horny types in short skirts playing pool and handing out traffic fines. The home of oxtail potjies, gifted coffee and the smell of LRP. Home to delicious craft beer....

MEDICS

Headaches and hangovers? They're not emergencies. Our medics are there to assist in emergencies only - so for all other medical stuff, be self-reliant and use your medical kit. Look for the medic crosses at 6ish (blue) and Ikтоми Plaza (red) and inform your campmates of where to find them if needed.

RANGERS

Rangers are non-confrontational community mediators, there to promote

awareness of potential hazards, ranging from sunburn to tent fires. They are NOT police but interactive participants of the community who protect and assist the people of Tankwa Town - not the property. To be a Ranger, a sense of humour and flexibility is a great asset, it's a way of meeting and engaging with the burner community. Rangers are also the eyes and ears for the site manager on duty and the link between the field and the head Ranger. They carry radios and have support from the head ranger. The Ranger Headquarters is in the 6ish Boulevard behind OCC camp.

SANCTUARY

A quiet space for participants who are having a rough time of it. If you have a psychological emergency, this is where you can find calm and sanctuary. For more information check with the Rangers or Medics. The

Sanctuary is located next to the Ranger HQ.

OFF-CENTRE CAMP (6ish)

OCC is the Volunteer Participation or sign up station and includes Children Registration Booth, Participation Station (the volunteer booth), shift lists and message boards. This is also where you'll find the Arteria and Media Booth. And the Ranger Station is right behind it.

It's our community centre, a public space and central information station of the event. There are creative activities, workshops and talks each morning, including recycled art, painting, graffiti creation and this year a Black & White Cinema screening lounge. 6-8 pm every day. And some kids & Burner giftng bits snuck in the mix. Again this year some seriously great live music - Open Mic & Chilled Burning Bands line-up, from 2pm to 6pm daily.

Read the Performance section for more information, and check the boards for detail each day!

VOLUNTEERS

Signing up for a Volunteer shift? Fancy Greeting at the Virgin Bell? Being a Volunteer Faery or Coordinator at Off Centre Camp? MOOPing a mess? Help registering children? Checking in with your artwork or theme camp? Need a spot for that beautiful thing you built? Want to find out what's on today? And when? Planning on registering an artwork or as a Photographer? Volunteer HQ is at Off Centre Camp @ 6ish on the Map to sign up to gift a Volunteer shift.

MEDIA BOOTH

Members of the media and documentary filmmakers, this is where you register on site and can get info on where to find representatives of AfrikaBurn for handy quotes and interviews. The Friday

afternoon Media meeting will take place in a workshop tent behind the Booth.

ICE, ICE, BABY

THE MIGHTY MOOP MARCH

Saturday at 2pm from Off Centre Camp. Presented by RedZebra, this is the most fun you can have with your clothes on (or off)! We will be joined by the Judy Bus,

marching bands and The Bus. Drones will film our event, so bring a flag and come dressed up but join us as we walk the talk and swoop and de-MOOP. GUIDING PRINCIPLES

1. COMMUNAL EFFORT

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

2. PARTICIPATION

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

3. CIVIC RESPONSIBILITY

We value civil society. Community members who organise events should assume responsibility for public welfare and endeavor to communicate

civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with national and local laws.

4. IMMEDIACY

Immediate experience is, in many ways, the most important value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.

5. DECOMMODIFICATION

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

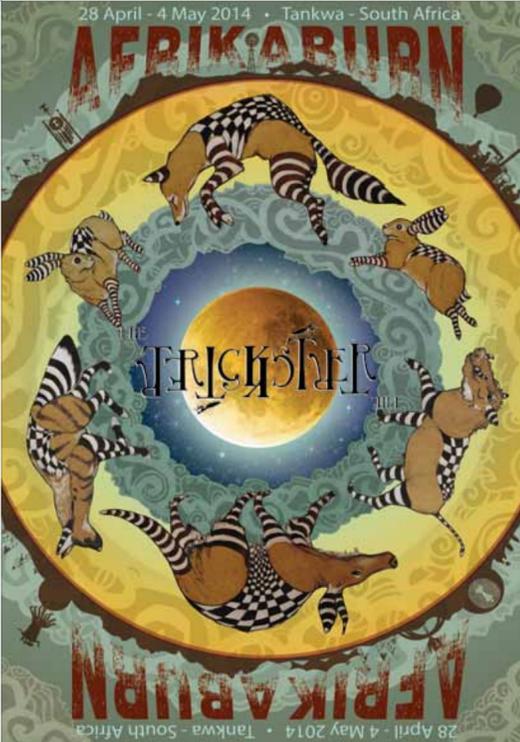

AFRIKABURN 2014

Welcome! Well done - you're part of an incredible experiment in community. For one week magic happens here, and this guide is designed to help you navigate and decipher what you see, and what you don't. There's a lot out there - enjoy it all!

YEAR OF THE TRICKSTER

"A sense of humor...is superior to any religion so far devised." - Tom Robbins, Jitterbug Perfume

Wandering along, ignoring boundaries and awaiting chance opportunities, the Trickster is simultaneously Hero and Fool. The burn was born out of impulse - to create freely, to experiment, to express, dare, do and celebrate. Be a culture hero. Be brave, play the fool - be the Trickster and participate in inventing the world anew!

6. GIFTING

We are devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

7. LEAVING NO TRACE

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

8. RADICAL INCLUSION

Anyone may be a part of AfrikaBurn. We welcome and respect the stranger. No prerequisites exist for participation in our community. This means that anyone can partake.

9. RADICAL SELF-RELIANCE

AfrikaBurn encourages the individual to discover, exercise and rely on his or her inner resources.

10. RADICAL SELF-EXPRESSION

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

11. EACH ONE TEACH ONE

As a self-reliant community, we believe the responsibility of spreading our culture lies with each and every one of us. All of us are custodians of our culture - when the opportunity presents itself, we pass knowledge on.

You read that right - we now have an additional Principle - Each One Teach One. As our community and culture is in a rapid growth phase, it's necessary for us all to share knowledge to ensure that AfrikaBurn is sustainable. Sharing is caring - pass it on!
