

TANKWA TOWN SOUND 2019

Thank you for the gift of your music. There are a lot of sound rigs in a small space at Tankwa Town. So lets work together to have a happy sound experience.

Here are the sound plans for EPHEMEROPOLIS

- Green:** No sound areas. The "Temple of Stars" and "Temple of IXam" are quiet and reflective spaces. Do not settle here for a party. Either switch-off or turn down when you drive past.
- Blue:** Small sound systems off by 10:00PM
- Yellow:** Loud systems are good until until 12:00PM
- Orange:** This area is good for settling to make a party until 2:00AM. Beyond 2:00AM please move to the loud zones. Gentle genres welcome.
- Red:** These are the designated areas for all-nighters. If you are planning on going all night, we suggest you settle here.
